

SimplyFI

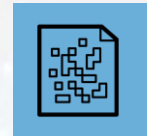

**INTELLIGENT TRADE FINANCE**

**AUTOMATION**

## CURRENT CHALLENGES

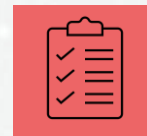

### UNSTRUCTURED DATA

All the Trade Documents consist of enormous data sets which are unstructured

### VOLUME OF PHYSICAL DOCUMENTS

400 – 500 transactions per day with each containing 20 sub documents

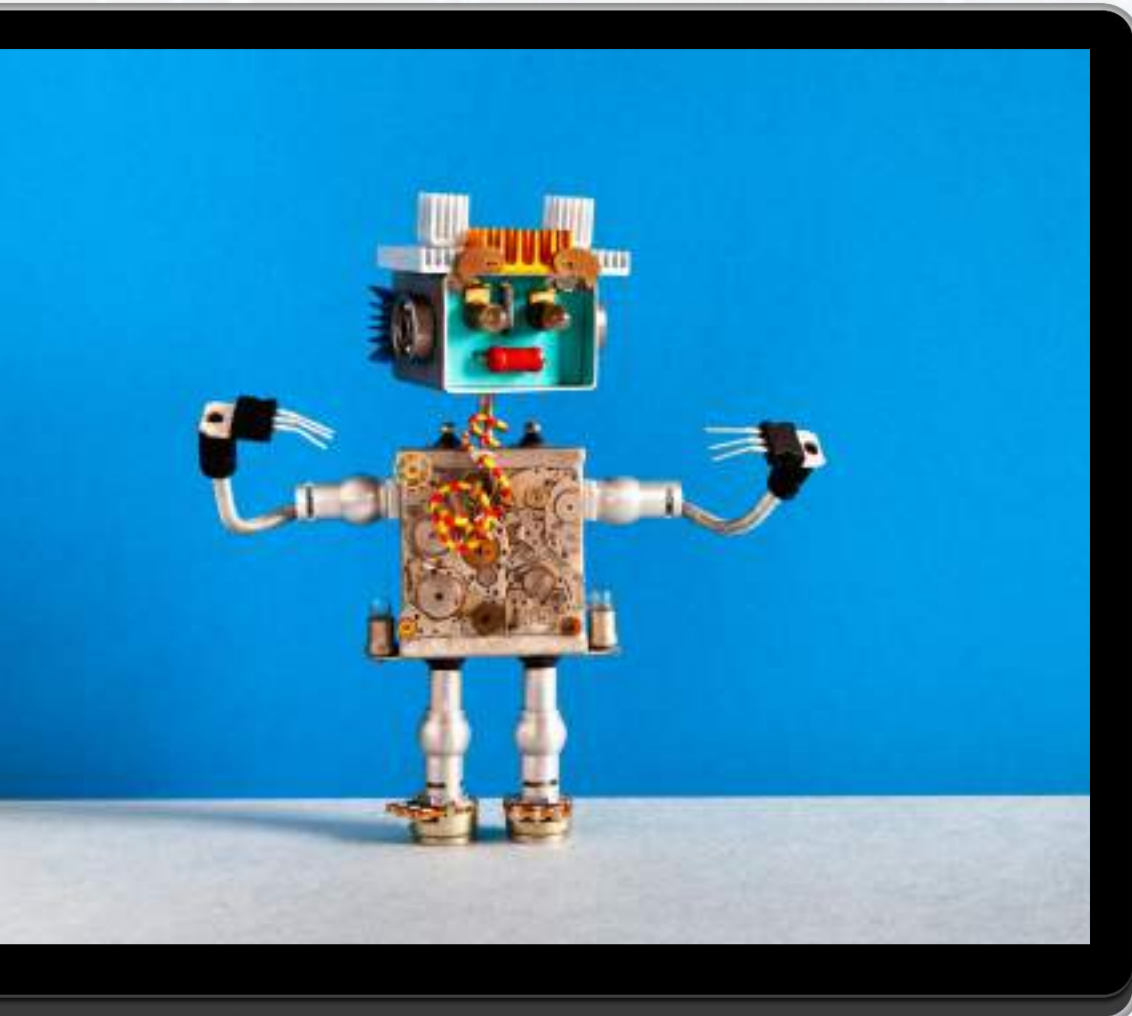

### LARGE COMPLIANCE CHECKS

On an Average 32 compliance checks existing in multiple documents

### ERODING MANUAL ACCURACY

Steady rise in volume of errors leading to poor risk compliance

# AI powered Trade Document Automation

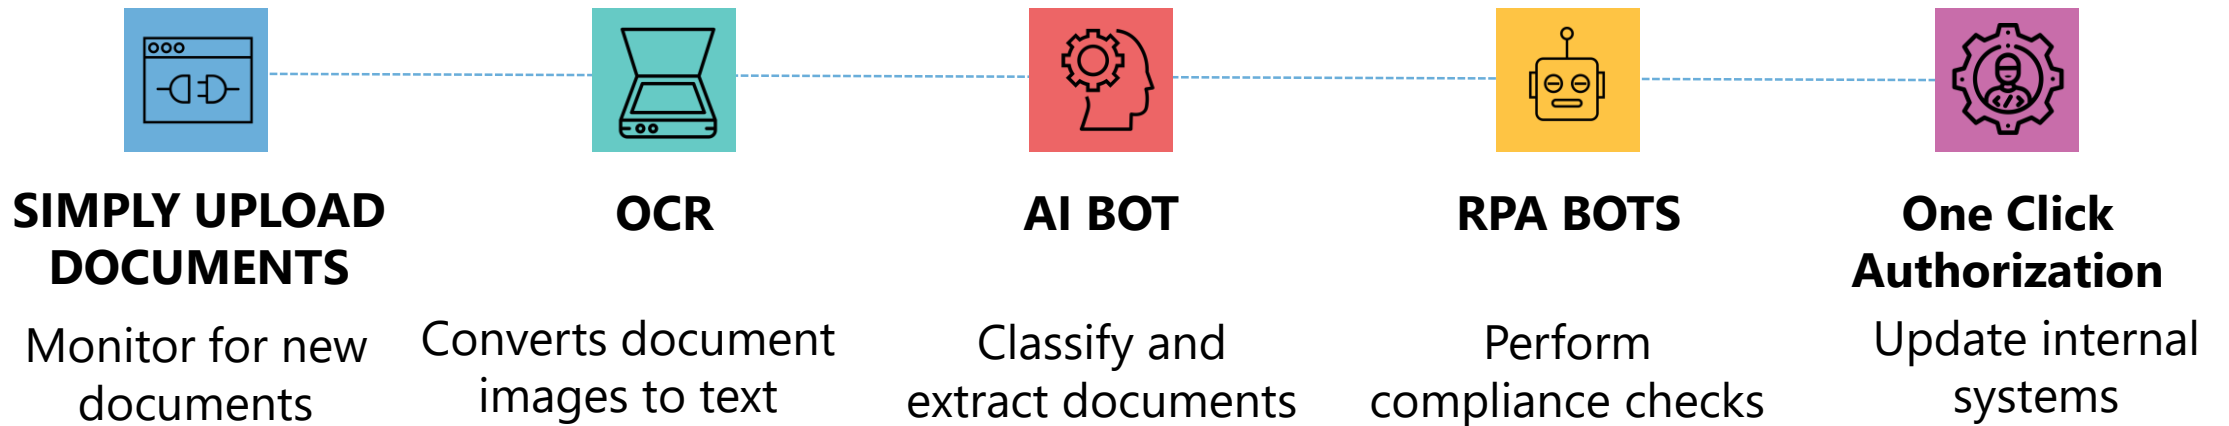

A fully automated digitized process comprising RPA and cognitive automation

# Trade Documentation Process Flow
